1. PURPOSE

The purpose of this policy is to provide guidelines for the use of automation in our health company, ensuring that all automated processes comply with the Health Insurance Portability and Accountability Act (HIPAA) and other applicable regulations.

2. SCOPE

This policy applies to all employees, contractors, and third-party vendors who interact with, manage, or have access to automated systems and processes that handle protected health information (PHI).

3. POLICY STATEMENT

Our company is committed to complying with all HIPAA regulations in our use of automation. All automated systems that handle PHI must be designed and operated in a manner that ensures the confidentiality, integrity, and availability of the information.

4. RESPONSIBILITIES

All employees, contractors, and third-party vendors are responsible for complying with this policy. The Compliance Officer is responsible for overseeing the implementation and enforcement of this policy.

5. ENFORCEMENT

Any violation of this policy may result in disciplinary action, up to and including termination of employment or contract. In addition, violations may result in civil and criminal penalties under HIPAA.

6. REVIEW & UPDATE FREQUENCY

This policy will be reviewed and updated at least annually, or more frequently as needed, to ensure ongoing compliance with HIPAA and to address any changes in our use of automated systems.
