

AI USAGE POLICY FOR A LAW FIRM

1. POLICY STATEMENT

This policy outlines the appropriate and ethical use of artificial intelligence (AI), specifically GPT-4, in our law firm for the purpose of summarizing discovery documents. We are committed to ensuring that our use of this technology is compliant with all relevant laws and regulations, including the Health Insurance Portability and Accountability Act (HIPAA) and our internal ethical guidelines.

2. SCOPE

This policy applies to all employees, contractors, and third-party service providers who interact with our AI systems.

3. AI USAGE GUIDELINES

3.1 All users must ensure that the use of AI tools, including GPT-4, is conducted with the highest degree of integrity, respect for privacy and confidentiality, and in compliance with all applicable laws and regulations.

3.2 GPT-4 should only be used to summarize discovery documents and should not be used for any other purpose without prior approval from the management.

3.3 GPT-4 should not be used to make decisions that affect the rights, freedoms, or interests of individuals, without human oversight and review.

4. DATA PRIVACY AND SECURITY

4.1 All users must comply with HIPAA and other relevant privacy laws when using GPT-4 to process data. This includes, but is not limited to, ensuring that all patient health information is treated with the highest level of confidentiality and security.

4.2 Users must not use GPT-4 to process personal data unless the individual to whom the data relates has given their informed consent, or there is another lawful basis for the processing.

5. ETHICAL CONSIDERATIONS

5.1 Users must ensure that they use AI in a way that is fair, transparent, and accountable. This includes, but is not limited to, avoiding the use of AI in a way that could result in discrimination or bias.

5.2 Users must also consider the potential implications of their use of AI on individuals and society, and strive to use AI in a way that benefits all stakeholders.

6. TRAINING AND AWARENESS

All employees will be provided with appropriate training on the ethical and lawful use of AI, including GPT-4.

7. REPORTING AND NON-COMPLIANCE

Any breach of this policy should be reported immediately to the management. Non-compliance with this policy may lead to disciplinary action.

8. POLICY REVIEW

This policy will be reviewed at least annually to ensure that it remains relevant and effective. Any changes to this policy will be communicated to all employees.

This policy is in effect as of [insert date].
